## *Cheers to 2018!*

The City of Westminister has just launched a unique branding message: *"There's so much to be here."* As a recent transplant to Colorado and more specifically Westminister, I was drawn to the endless possibilities. It is an ideal time to build on the success of our business community working with the youngest and fastest growing Chamber in the Front Range. As President/CEO of your local Chamber, each day is a new page in the history of what Westminister will become – one year from now, ten years from now and beyond.

Over the last year, I have taken the time to hear about the city's rise from multiple civic and business leaders, key officials at City Hall and those within the realm of Economic Development. Quickly I noticed one main ingredient in our success: the people of Westminister.

When making important decisions and investments in the future, people with different backgrounds and experiences come to the table and reach a conclusion that benefits the city as a whole. City management, expert staff in Economic Development, our Chamber of Commerce, and elected officials all create a symbiotic relationship.

It is this relationship that has us working daily to create a more cohesive tomorrow. It is this relationship that allows us to overcome obstacles and idea-share. The ability of our people to band together to play a role in significant projects and initiatives. We see it in the development and implementation of the new Downtown and the revitalization of Historic-South Westminister projects.

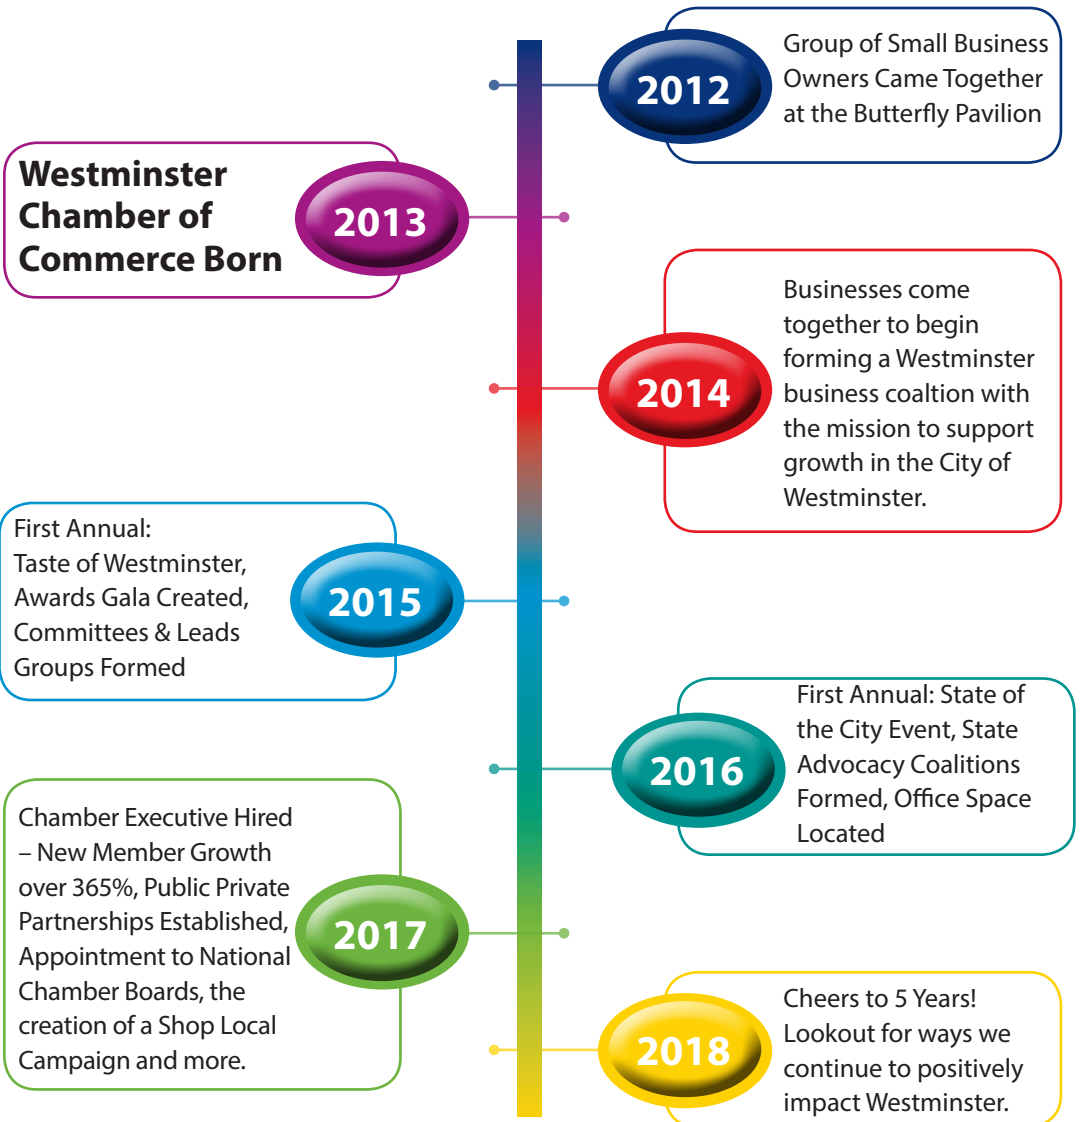

I am proud to work, live and play in a city that is as progressive as our own and develop a Chamber that compliments that message to businesses, newcomers, visitors and residents.

Sincerely,

Juliet Abdel, IOM  
President/CEO

The Westminster Chamber has grown from a small group of business owners to a vibrant group with a growing membership. Cheers to the Chamber's Five-Year Anniversary! The Chamber continues to grow, using strategic partnerships, public policy efforts and coalitions to better represent area businesses. The membership is informed on what's up and coming in our community through City Hall, which means Chamber efforts are complemented by elected officials and key city staff. Proud to be the youngest and fastest growing Chamber in the North Metro area, we invite you to celebrate our success throughout the year. Here's a timeline of our success:

**Be a part of our efforts – Take an active role as a Chamber Member!**

*Greetings and a warm welcome to our community!*

Westminster is a vibrant and growing city that covers 34 square miles along the Front Range in Colorado. We champion quality of life – aiming to sustain what we already have, while thoughtfully enhancing it. We have articulated a clear vision for our future:

*“Westminster is the next Urban Center of the Colorado Front Range. It is a vibrant, inclusive, creative and well-connected city. People choose Westminster because it is a dynamic community with distinct neighborhoods, and a resilient local economy that includes: a spectrum of jobs; diverse, integrated housing; and shopping, cultural, entertainment and restaurant options. It embraces the outdoors and is one of the most sustainable cities in America.”*

Bold words, but backed up by just as equally bold initiatives that will take Westminster into the future as the next urban center in the Denver metropolitan area.

We feature unique settings with community identity, ownership and a sense of place, offering easy access to amenities, shopping, dining and entertainment. One particular development – Downtown Westminster – will bring these elements in a setting we’ve never seen before – an urban center that will be the new heart and soul of our city.

While working to develop and improve our community, we are also active stewards, protecting and enhancing natural resources and environmental assets. These vital open space areas enhance recreational opportunities for visitors and residents through a series of interconnected trails, along with world-class facilities and amenities.

We invite you to explore our city and enjoy everything that Westminster has to offer.

We are in the midst of a pivotal moment in our city's history. Thanks to the strategic vision of Westminster's city leadership over the past decade, our community is well prepared to capitalize on our position as an urban hub between Denver and Boulder. Boasting a transportation infrastructure that is unsurpassed along the Front Range, Westminster has emerged as the best place in Colorado to work, live and play.

The emergence of Downtown Westminster, with capacity for over 10 million square feet of development, will give our city a civic, cultural and economic hub to compliment the exciting character and growth we see across the community already.

Opportunity abounds in Westminster – from The Orchard Town Center to the Historic Westminster Art District – businesses are flourishing, diverse communities are connecting, and an unparalleled network of trails, paths and parks provide ample opportunity for recreation.

On behalf of the Board of Directors of the Westminster Chamber of Commerce, I want to encourage you to get involved, engage your community, support local business, and lend your voice to ours as we shape the future of our city – the best city in Colorado to work, live and play. This is your Chamber, your city, and “*There is so much to be here!*”

Centrally located between the Denver and Boulder corridor, Westminster is easily accessed from either metropolitan area. Served by the Denver International Airport and the Rocky Mountain Metropolitan Airport. Westminster is ranked seventh in the State of Colorado, for most populous city and is situated on both Adams and Jefferson County.

Many historical structures are located in Westminster. The “big red castle,” also known as the Pillar of Fire, is located between Federal and Lowell Boulevards at 83rd Avenue. It started off in the late 19th century as Westminster University with big dreams of becoming the “Princeton of the West,” and is now a Nationally Registered Historic Place in Westminster. Today the castle is home to Belleview Christian College and Bible Seminary. Over 26 historical sites are recognized throughout the city, including the Bowles House Museum and Shoenberg Farms. The city offers a virtual tour map or the Chamber can send direct links and/or printed material upon request.

What’s most visible in Westminster, however, is a sea of new shopping districts. Visitors will find conveniences ranging from popular chain stores to family-style restaurants (see page 20 for full details). Not only is getting to Westminster easy, so is getting around! From cab, to limo, to bus to commuter rail, there are a man ways to get out to explore! The Flatiron Flyer bus rapid transit offers two stations: the Westminster Center Station and Church Ranch Station. Commuter rail is available from Denver up to Longmont and Boulder respectively.

Travel can be exhausting, but an exciting destination and a comfortable bed make it worthwhile. With many well-known hotel chains, there are numerous lodging options in Westminster. Visit the [westminsterchamber.biz](http://westminsterchamber.biz) for a list of favored brands and location. Whether you want a modern hotel for your romantic getaway or family-friendly accommodations with on-site activities, we’ve got you covered. Connect with the Chamber to help locate the best options for you!

*Let Westminster entertain you! Looking for a family-friendly activity, a charming date night venue, shopping spree, a cultural attraction or a community special event? Westminster has it all!*

## Art Walk

Visitors can explore the community through the 16-stop Art Walk. An interactive map is available online through the city. With varied stops throughout the community, here are a couple of our favorites:

**Promise of the Prairie Sculpture:** Located southeast of the City of Westminster's Bell Tower on 92nd Avenue, this sculpture by George Lundeen is the first public art piece of a pioneer man, woman and a young boy gazing into the horizon, drawing on Westminster's native agriculture history. The City of Westminster's Public Art Program has more than 100 individual works, which feature bronze pieces, art murals and frescos located throughout the city in office parks and commercial shopping centers.

**Folly:** Designed by Jim Sullivan, the Folly is known as Faux Ancient Ruin, primarily, because the structure mimics Greek and Roman temples. Explore the Farmers' High Line Canal while walking through the area. The Farmers' High Line Canal is a 13-mile paved and unpaved pathway that spans between Standley Lake and E. 128th Avenue in Thornton. For more information on outdoor adventures, turn to page 18.

## Explore More

**Adventure Golf & Raceway**, located at 96th Avenue and Sheridan Boulevard, is the area's premier miniature golf and go-kart facility where you will have an incredible time and family fun. Golf on three of America's most unique 18-hole miniature golf courses: The Lost Continent, Adventure Cove and Buccaneer Bay. In total, there are 54 beautifully landscaped holes of fun and daring excitement to test your mini golfing skills. Westminster Public Schools prides itself in offering a learning environment *Where Education is Personal*. That means that every child's education is built around what works best for the individual student and incorporates our Competency Based System (CBS) where students advance to the next learning level only when they have shown mastery or understanding of a learning topic. CBS does away with social promotion by requiring students to fully engage in learning. The WPS philosophy is that the most important day in a student's academic career is the day AFTER graduation. In the WPS School District you will find one preschool, 11 elementary schools, three middle schools, two high schools, one innovation school, one international studies (PreK to 6), and one online school, totaling 20 schools.

*Strong schools have the potential to attract new residents, lure companies dependent on a skilled workforce, and serve as a direct component of quality of life.*

Westminster is served by three school districts to include; Adams 12, Jefferson County Public Schools and Westminster Public Schools. Latest reports show 12.9<sup>†</sup> percent of the population holds a masters, professional or doctorate degree.

School choice is available throughout both Adams and Jefferson counties giving parents and kids the choice to choose which school to attend regardless of where they reside. Additionally, private charter schools, preparatory and STEM academies are available within both counties and serve as another option of learning.

There are five regional trails, 15 loop systems, 12 park loops, plus minor trails that, when combined, add up to 50 different trails within the system. Westminster has preserved over 3,100 acres of open space throughout the city and has accomplished the original goal of preserving 15 percent of the city's land area.

### 5 Regional Must-See Trails:

## 7 TIPS

### HIGH ALTITUDE ADJUSTMENT

#### 1 GET ORGANIZED

Plan your trip itinerary to allow for proper ascent schedules. If you are planning a vacation (e.g. skiing or hiking), allow for an extra day or two during the trip so that you can adjust to the effect of new altitudes.

#### 2 DRINK WATER

Dehydration decreases the body's ability to acclimatize to high altitude.

#### 3 MONITOR YOUR CAFFEINE/ALCOHOL INTAKE

Alcoholic drinks pack more of a wallop than at sea level. It is recommended that you go easy on the alcohol in the mountains and in Denver, as its effects will feel stronger here.

#### 4 EAT FOODS HIGH IN POTASSIUM

Foods such as broccoli, bananas, avocado, cantaloupe, celery, greens, bran, chocolate, granola, dates, dried fruit, potatoes and tomatoes will help you replenish electrolytes by balancing salt intake.

#### 5 WATCH YOUR PHYSICAL ACTIVITY

The effects of exercise are more intense here. If you normally run 10 miles a day at home, you might try six miles in Denver.

#### 6 PACK FOR SUN

With less water vapor in the air at this altitude, the sky really is bluer in Colorado. But there's 25 percent less protection from the sun, so sunscreen is a must.

#### 7 DRESS IN LAYERS

Two days before your trip to Denver, check the weather and use this information to pack appropriately.

## *On The Horizon*

### NEW DOWNTOWN

Downtown Westminster will be a true downtown – unique, vibrant, and genuine – developed over time, one block at a time, by different developers and builders.

The new downtown will be a civic, cultural and economic hub for our community. With capacity for well over 10 million square feet of development, Downtown Westminster will continue to grow and evolve over the next 20, 50 and 100 years.

Downtown will be located beside existing small businesses like *Cortiva Institute*, *Front Range Signarama*, and *Kokopelli Beer Company*. If you are visiting the area, consider staying at DoubleTree Westminster or Residence Inn – only a brief two miles east on 92nd Avenue. Annual City Hall events, such as the Harvest Balloon Festival, bring that touch of home to anyone living, traveling or visiting our community.

### WESTMINSTER STATION

Located just southeast of the historic core of the City of Westminster, the Westminster Station Transit Oriented Development (TOD) area is set to become the next new mixed-use urban neighborhood and regional destination in the Denver metropolitan area.

The station area is advantageously located near U.S. 36 and Federal Boulevard – two major regional corridors in the Denver metropolitan area – and is home to a Denver Regional Transportation District (RTD) commuter rail station get B Line scheduling here.

With more than 75 acres of transit-oriented development in the core station area, Westminster Station is poised for tremendous growth. Anchored by a 600+ stall parking lot, the area can expect to see a mixed-use range of retail, residential and office development, all occurring organically over time.

### BEAUTY INSIDERS! DID YOU KNOW?

In late 2017, Sephora opened a full service store within JCPenney in the up-and-coming Downtown Westminster. Now you can shop over 200 makeup brands and have access to other department store offerings.

They are elected at large and enact policies that affect citizens. At the state level, Westminster is represented by two house members and two senate members in the following districts: House District 35, House District 29, Senate District 24 and Senate District 19. Federally, Westminster is served by congressional delegates representing Congressional District 7.
